

# AG TEXAS LOGO IMPRINT OPTIONS

## FULL COLOR

Ag Texas type will be stitched in black and the bio-star will be stitched in green. This color scheme is best suited for lighter garments where the black text has enough contrast to be clear and legible.

## FULL COLOR (REVERSE)

Ag Texas type will be stitched in cream/white and the bio-star will be stitched in green. This color scheme is best suited for darker garments where the cream/white text has enough contrast to be clear and legible.

## BLACK

Ag Texas type and the bio-star will both be stitched in black. This color scheme is best suited for solid lighter garments that don't have an accent color.

## CREAM (WHITE)

Ag Texas type and the bio-star will both be stitched in cream (white). This color scheme is best suited for solid darker garments that don't have an accent color.

## SILVER

Ag Texas type and the bio-star will both be stitched in silver. This color scheme can work for either solid darker or lighter garments that don't have an accent color.

## TONE ON TONE

Ag Texas type and the bio-star will both be stitched in a color that is a shade darker or lighter than the garment color. This color scheme is best suited for solid garments without patterns for a time when a subtle look is desired.

## MATCH GARMENT

Ag Texas type and the bio-star will both be stitched in a color that matches the piping, another logo, or accent color that is on the garment. This color scheme works best for garments that have accent colors that allow you to tie the logo and garment all together.
